Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Oak Center Towers (a California nonprofit public benefit corporation) (the “Organization”), which comprise the consolidated statement of financial position as of March 31, 2019, and the related consolidated statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Oak Center Towers as of March 31, 2019, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the consolidated financial statements, as of April 1, 2018, the Organization adopted Financial Accounting Standards Board Accounting Standards Update No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, information about liquidity and availability of resources, methods used to allocate costs to programmatic and other support information, and direction for consistency about information provided on investment return. The adoption of the standard resulted in additional footnote disclosures and changes to the classification of net assets and the disclosures related to net assets. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Organization's accompanying consolidating statement of financial position and consolidating statement of activities and changes in net assets as of and for the year ended March 31, 2019, presented as supplementary information, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of the Organization's management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Oak Center Towers

(a California Nonprofit Public Benefit Corporation)

Notes to Consolidated Financial Statements

NOTE 1 – DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of operations – Oak Center Towers, a California nonprofit corporation (the “Organization” or “OCT”), was organized in 1971 under the original sponsorship of Covia Communities (“Communities”), formerly Episcopal Senior Communities, in order to operate a 196-unit affordable residential complex for elderly or disabled persons in Oakland, California (the “Project”), and to provide associated supporting social services at the Project. In June 2005, OCT sold its interest in the Project to Oak Centers, L.P., a California limited partnership (“OCLP”), as part of a low-income housing tax credit refinancing transaction. The purpose of the transaction was to generate funds to perform a substantial rehabilitation of the Project. OCT is the sole general partner of OCLP and owns a 0.01% interest. OCT provided a capital contribution of \$1,200,000 and committed to a long-term loan totaling \$3,805,437. Covia Affordable Communities (“Affordable Communities”), formerly Lytton Gardens Senior Communities, is the sole member of OCT.

Affiliated organizations – The Organization is affiliated with Covia Group (formerly Senior Resources of the West), Communities, Covia Foundation (formerly Episcopal Senior Communities Foundation), Affordable Communities, Community Housing, Inc. (Lytton Gardens I and Lytton Gardens II), Lytton IV Housing Corporation, Presidio Gate Apartments, and Jennings Senior Housing, Inc.

On April 1, 2018, Affordable Communities entered into an affiliation agreement with the Bethany Center Senior Housing, Inc. (“BCSH”), and became the sole member. BCSH, a California nonprofit public benefit corporation, was formed in 1968 for the purpose of operating a low-income senior rental housing project. BCSH consists of 135 affordable senior housing apartments which is located in San Francisco, California. BCSH is the sole member of Bethany Center Foundation of San Francisco (“BCSF”), a California nonprofit public benefit corporation. BCSF was formed in 2007, for the purpose of providing support to BCSH.

On March 16, 2018, Affordable Communities entered into an affiliation agreement with Shires Memorial Center (“SMC”) and became the sole member. SMC, a California nonprofit public benefit corporation, was formed in 1961 for the purpose of operating a 99-unit low income senior housing project located in San Jose, California.

These entities share common officers, directors, and management with the following exception: BCSH as the sole member of the BCSF has common control. BCSH and the BCSF each have their own Board of Directors. BCSH and BCSF share management function. At times, these entities provide various support services to each other.

Basis of presentation – The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and in accordance with the provisions of the Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The Organization has implemented ASU No. 2016-14 as of April 1, 2018 and has adjusted the presentation in these consolidated financial statements accordingly, including changes to the presentation of net asset classification on the consolidated financial statements and inclusion of information about liquidity and availability resources (Note 14).

Oak Center Towers
(a California Nonprofit Public Benefit Corporation)
Notes to Consolidated Financial Statements (continued)

The accompanying consolidated financial statements include the accounts of OCT and OCLP. OCLP is included in the consolidation in accordance with the FASB Accounting Standards Codification (“ASC”) Topic 810-20, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. OCT determined that the presumption of control for the limited partnership, in which OCT is the general partner, had not been overcome and as a result, OCT is required to consolidate the financial statements of the limited partnership. All significant inter-company balances and transactions have been eliminated. OCLP’s year end is December 31, and its balances and activity have been included as of and for the year ended December 31, 2018.

Cash and cash equivalents – Cash and cash equivalents includes cash on hand and cash held in demand deposit, sweep, savings accounts, and certain investments in highly liquid instruments with original maturities of three months or less. Not included in cash are funds restricted as to their use, regardless of their liquidity, such as security deposits and operating and replacement reserves.

Concentration of credit risk – Financial instruments potentially subjecting the Organization to concentrations of credit risk consist primarily of bank demand deposits in excess of the Federal Deposit Insurance Corporation insurance thresholds. Demand deposits are placed with local financial institutions, and management has not experienced any loss related to these demand deposits in the past. Management believes it is not exposed to any significant risk on such demand deposits.

Accounts receivables – The Organization receives payment from residents and U.S. Department of Housing and Urban Development (“HUD”) for services provided. The Organization uses the specific write-off method to provide for doubtful accounts since past experience and management’s estimation indicates an adequate allowance for such accounts is immaterial.

Restricted deposits and funded reserves – Assets whose use is limited are funded reserves for operating, replacement, bond, and insurance of the Organization. Such assets consist of cash and cash equivalents.

Property and equipment – Property and equipment are stated at cost. Acquisitions of \$5,000 or more and with a useful life of more than one year are capitalized. Depreciation is based upon straight-line method at rates based on the estimated useful lives of the various classes of property which range from five to thirty years. The Organization periodically evaluates the carrying value of its long-lived assets for impairment. Based on this evaluation, no impairment was recorded for the year ended March 31, 2019.

Tenant security deposits – In accordance with government regulations for the Organization, the Organization must maintain on deposit funds equal to the related liability for tenant security deposits. Security deposits are held in a separate interest-bearing savings account in the name of the Project.

Net assets – The Organization classifies net assets as follows:

Net assets without donor restrictions represent unrestricted resources available to support the Organization’s operations and temporarily restricted resources which have become available for use by the Organization in accordance with the intention of the donor.

Oak Center Towers (a California Nonprofit Public Benefit Corporation) Notes to Consolidated Financial Statements (continued)

Net assets with donor restrictions represent contributions that are limited in use by the Organization in accordance with temporary donor-imposed stipulations. These stipulations may expire with time or may be satisfied by the actions of the Organization according to the intention of the donor. Upon satisfaction of such stipulations, the associated net assets are released from net assets with donor restrictions and recognized as net assets without donor restrictions. Net assets with donor restrictions are available primarily for assistance and capital projects as designated by the donors.

Program services – The Organization is the general partner of OCLP and provides management oversight. OCLP operates an affordable residential complex for elderly or disabled persons in Oakland, California, and provides transportation for residents, a nutrition program, supportive social services, and education programs at the Project.

Fair value of measurements – FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, prescribes fair value measurements and disclosures for financial and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the consolidated financial statements. FASB ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in active markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Unless otherwise indicated, the fair value of all reported assets and liabilities that represent financial instruments approximate their carrying values.

Revenue recognition – Rental income is shown at its maximum gross potential. Rental income is derived from rental rates subject to HUD approval. Vacancy loss is shown as a reduction in rental income. Rental units occupied by employees are included in rental income and as an expense of operations. Other income includes fees for late payments, cleaning, damages, laundry facilities, and other charges and is recorded when earned.

Tax-exempt status – The Organization is a nonprofit corporation as described in Section 501(c)(3) of the Internal Revenue Code and has been granted tax-exempt status by the Internal Revenue Service and the California Franchise Tax Board.

Oak Center Towers
(a California Nonprofit Public Benefit Corporation)
Notes to Consolidated Financial Statements (continued)

The Organization adopted the provisions of the FASB ASC Topic 740-10, *Income Taxes*, relating to accounting for uncertain tax positions on April 1, 2009, which had no financial statement impact to the Organization. The Organization recognizes the tax benefit from uncertain tax positions only if it is more likely than not that the tax positions will be sustained on examination by the tax authorities, based on the technical merits of the position. The tax benefit is measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Organization recognizes interest and penalties related to income tax matters in operating expenses.

In regards to OCLP, no provision has been made for income taxes, except for the \$800 minimum franchise tax required by California for limited partnerships that is included in accounts payable in the accompanying consolidated statement of operations, since the income or loss of the Partnership is to be included in the tax returns of the individual partners. Income for consolidated financial statement purposes differs from that which is allocated to the partners primarily because of book to tax depreciation and amortization differences.

Property taxes – The Organization has filed and received an exemption from certain property taxes in accordance with Section 214 of the California Code.

Use of estimates – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Economic concentrations – The future operations of the Organization could be affected by changes in the economic or other conditions in the geographic area of Oakland, California, or by changes in federal low-income housing subsidies or the demand for such housing.

NOTE 2 – RESTRICTED DEPOSITS AND FUNDED RESERVES

Operating reserves – OCLP is required to maintain two operating reserve funds.

Operating deficit guaranty – Communities, as guarantor, will advance funds to OCT in an amount necessary for OCT to make the required – Operating Deficit Contribution when such Operating Deficit cannot be satisfied from OCLP funds including OCLP’s Operating Reserve and OCT does not have sufficient funds to make an Operating Deficit Contribution to OCLP. The advances shall be interest free and payable out of Capital proceeds. The operating deficit period begins after the completion date and ends on the date the following have occurred: (1) the Project has operated at break-even for at least three consecutive calendar years following the Stabilization date of the Project; and (2) the balance in the Operating Reserve equals or exceeds the Operating Reserve Amount. As of March 31, 2019, no advances have been made under the agreement.

HUD regulations – In connection with the HUD agreements, there are certain restrictions on occupancy of the units which include maximum income limitations and maximum rents chargeable. In addition, these agreements require the maintenance of security deposits and replacement and other reserves which are to be held by the mortgagee (see Notes 1 and 2).

Litigation – The Organization is aware of certain asserted and unasserted legal claims. While the outcome cannot be determined at this time, it is management’s opinion that the liability, if any, from these actions will not have a material adverse effect on the Organization’s financial position.

NOTE 10 – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, within one year of March 31, 2019, comprise the following:

Cash and cash equivalents	\$ 56,196
Cash and cash equivalents - investments	<u>2,366,611</u>
	<u>\$ 2,422,807</u>

None of these financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the consolidated statement of financial position date. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

NOTE 11 – FUNCTIONAL EXPENSES

The expenses for providing program services and supporting services activities of the Organization that can be directly identified with a specific function are allocated directly to that function. Expenses that cannot be directly identified with a specific function are allocated among program services and supporting services activities benefited based upon employee time and effort recorded on functions related to the specific activity, or in the case of shared expenses, using an allocation based on personnel costs, space usage, or other relevant bases.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the consolidated statement of financial position date but before consolidated financial statements are available to be issued. The Organization recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated statement of financial position, including the estimates inherent in the process of preparing the consolidated financial statements. The Organization's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated financial position but arose after the consolidated statement of financial position date and before consolidated financial statements are available to be issued.

The Organization has evaluated subsequent events through June 28, 2019, which is the date the consolidated financial statements are available to be issued.
